

In this section, the NDIS regularly shares Agency data that provides insights into participants, providers and payments information.

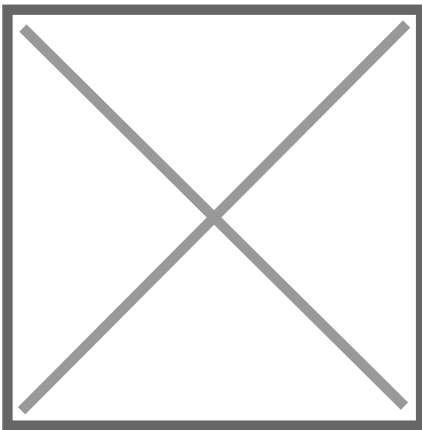

The key areas include:

- Participant datasets; participant numbers and plan budgets, plan utilisation, participants by diagnosis, participant goals and plan management types
- Providers and markets datasets; active providers and market concentration
- Payments datasets; payments data and payments made by support category

### **Commonly used data terms**

The definitions listed in the [commonly used data terms \(DOCX 80KB\)](#) document provide answers to commonly asked questions regarding data released on the NDIS website.

### **Disclaimer**

The information on these pages is subject to a [Data disclaimer](#).

The privacy of participants is of paramount importance. The NDIA has applied de-identification methods so the publicly shared data does not identify individuals. The NDIS applies these techniques while keeping the data fit for the purpose of trend analysis and general decision guidance. For academic research, please use the [data request](#) process. For more information about how NDIS makes decisions about sharing data, please refer to the [Public Data Sharing Policy](#) .

For more information relating to the data, please email [scheme.actuary@ndis.gov.au](mailto:scheme.actuary@ndis.gov.au).
